CONTENTS OF VOLUME 70

(*All rights reserved*)

SOUTHGATE D. A. T. Deadlines are for other people. 1

HORWATH C. C. Validity of a short food frequency questionnaire for estimating nutrient intake in elderly people. 3

CRAWLEY Helen F. The energy, nutrient and food intakes of teenagers aged 16–17 years in Britain. 1. Energy, macronutrients and non-starch polysaccharides. 15

SKLAN David & DARIEL Ilana Diet planning for humans using mixed-integer linear programming. 27

FARNINGHAM D. A. H. & WHYTE C. C. The role of propionate and acetate in the control of food intake in sheep. 37

VAN DER KOOY Karin, LEENEN Rianne, SEIDELL Jaap C., DEURENBERG Paul & VISSER Marjolein Abdominal diameters as indicators of visceral fat: comparison between magnetic resonance imaging and anthropometry. 47

OFTEDAL Olav T., ALT Gary L., WIDDOWSON Elsie M. & JAKUBASZ Michael R. Nutrition and growth of suckling black bears (*Ursus americanus*) during their mothers' winter fast. 59

LEPINE Allan J., WATFORD Malcolm, BOYD R. Dean, ROSS Deborah A. & WHITEHEAD Dana M. Relationship between hepatic fatty acid oxidation and gluconeogenesis in the fasting neonatal pig. 81

DAWSON J. M., CRAIGON J., BUTTERY P. J. & BEEVER D. E. Influence of diet and β-agonist administration on plasma concentrations of growth hormone and insulin-like growth factor-1 in young steers. 93

VERBOEKET-VAN DE VENNE Wilhelmine P. H. G., WESTERTERP Klaas R. & KESTER Arnold D. M. Effect of the pattern of food intake on human energy metabolism. 103

WEIJS P. J. M., SCHREURS V. V. A. M., KOOPMANSCHAP R. E., GROOTEN H. N. A., SCHOONMAN A. T. & BOEKHOLT H. A. Effects of acute and chronic level of protein supply on metabolic leucine utilization in growing and mature rats. 117

PETTERSSON D. & RAZDAN A. Effects of increasing levels of sugar-beet pulp in broiler chicken diets in nutrient digestion and serum lipids. 127

ZHANG Xizhong & BEYNEN Anton C. Lowering effect of dietary milk-whey protein *v.* casein on plasma and liver cholesterol concentrations in rats. 139

NELSON Michael, WHITE Joanne & RHODES Charlotte Haemoglobin, ferritin, and iron intakes in British children aged 12–14 years: a preliminary investigation. 147

DOREY Clare, COOPER Chris, DICKSON Dominic P. E., GIBSON John F., SIMPSON Robert J. & PETERS Timothy J. Iron speciation at physiological pH in media containing ascorbate and oxygen. 157

BROUWER I. A., LEMMENS A. G. & BEYNEN A. C. Dietary fructose *v.* glucose lowers ferrous-iron absorption in rats. 171

LECLERE Christophe, LAIRON Denis, CHAMP Martine & CHERBUT Christine Influence of particle size and sources of non-starch polysaccharides on postprandial glycaemia, insulinaemia and triacylglycerolaemia in pigs and starch digestion *in vitro*. 179

SALVADOR Valérie, CHERBUT Christine, BARRY Jean-Luc, BERTRAND Dominique, BONNET Christian & DELORT-LAVAL Jean Sugar composition of dietary fibre and short-chain fatty acid production during *in vitro* fermentation by human bacteria. 189

RIZKALLA Salwa W., BOILLOT Josette, TRICOTTET Vivianne, FONTVIEILLE Anne-Marie, LUO Jing, SALZMAN Jean-Loup, CAMILLERI Jean-Pierre & SLAMA Gérard Effects of chronic dietary fructose with and without copper supplementation on glycaemic control, adiposity, insulin binding to adipocytes and glomerular basement membrane thickness in normal rats. 199

JACKSON Kathryn A. & TOPPING David L. Prevention of copropaghy does not alter the hypocholesterolaemic effects of oat bran in the rat. 211

FAIRWEATHER-TAIT Susan J., JACKSON Malcolm J., FOX Thomas E., WHARF S. Gabrielle, EAGLES John & CROGHAN Peter C. The measurement of exchangeable pools of zinc using the stable isotope ^{70}Zn 221

LEE Warren T. K., LEUNG Sophie S. F., LUI Susan S. H. & LAU Joseph Relationship between long-term calcium intake and bone mineral content of children aged from birth to 5 years. 235

KETAREN P. P., BATTERHAM E. S., WHITE E., FARRELL D. J. & MILTHORPE B. K. Phosphorus studies in pigs. 1. Available phosphorus requirements of grower/finisher pigs. 249

KETAREN P. P., BATTERHAM E. S., DETTMANN E. Belinda & FARRELL D. J. Phosphorus studies in pigs. 2. Assessing phosphorus availability for pigs and rats. 269

KETAREN P. P., BATTERHAM E. S., DETTMANN E. Belinda & FARRELL D. J. Phosphorus studies in pigs. 3. Effect of phytase supplementation on the digestibility and availability of phosphorus in soya-bean meal for grower pigs. 289

PUSZTAI A., EWEN S. W. B., GRANT G., BROWN D. S., STEWART J. C., PEUMANS W. J., VAN DAMME E. J. M. & BARDOCZ S. Antinutritive effects of wheat-germ agglutinin and other N-acetylglucosamine-specific lectins. 313

RABOT Sylvie, NUGON-BAUDON Lionelle, RAIBAUD Pierre & SZYLIT Odette Rape-seed meal toxicity in gnotobiotic rats: influence of a whole human faecal flora or single human strains of *Escherichia coli* and *Bacteroides vulgatus*. 323

GE Y. C. & MORGAN R. G. H. The effect of trypsin inhibitor on the pancreas and small intestine of mice. 333

RABOT Sylvie, NUGON-BAUDON Lionelle & SZYLIT Odette Alterations of the hepatic xenobiotic-metabolizing enzymes by a glucosinolate-rich diet in germ-free rats: influence of a pre-induction with phenobarbital. 347

LONGSTAFF M. A., FEUERSTEIN D., MCNAB J. M. & MCCORQUODALE C. The influence of proanthocyanidin-rich bean hulls and level of dietary protein on energy metabolizability and nutrient digestibility by adult cockerels. 355

FRANCE J., THORNLEY J. H. M., SIDDONS R. C. & DHANOA M. S. On incorporating diffusion and viscosity concepts into compartmental models for analysing faecal marker excretion patterns in ruminants. 369

SOUTHGATE D.A.T. Missionary Zeal 379

CAMMELL S.B., HAINES M.J., GILL M., DHANOA M.S., FRANCE J. & BEEVER D.E. Examination of energy utilization in cattle offered a forage diet at near- and sub-maintenance levels of feeding. 381

CLARK Dallas, TOMAS Frank, WITHERS Robert T., NEVILLE Sally D., NOLAN Stephen R., BRINKMAN Menno, CHANDLER Colin, CLARK Carol, BALLARD F. John, BERRY Michael & NESTEL Paul No major differences in energy metabolism between matched and unmatched groups of 'large-eating' and 'small-eating' men. 393

NOBLET J., SHI X.S. & DUBOIS S. Metabolic utilization of dietary energy and nutrients for maintenance energy requirements in sows: basis for a net energy system. 407

EVEN Patrick C. & NICOLAÏDIS S. Adaptive changes in energy expenditure during mild and severe feed restriction in the rat. 421

BATTISTINI N., VIRGILI F., BEDOGNI G., GAMBELLA G.R. & BINI A. *In vivo* total body water assessment by total body electrical conductivity in rats suffering perturbations of water compartment equilibrium. 433

EGUN Gloria N. & ATINMO Tola Protein requirement of young adult Nigerian females on habitual Nigerian diet at the usual level of energy intake. 439

EGUN Gloria N. & ATINMO Tola A metabolic nitrogen balance study for 40 d and evaluation of the menstrual cycle on protein requirement in young Nigerian women. 449

TANAKA Masahiro, ISHIBASHI Teru, OKAMOTO Katsuyuki & TOYOMIZU Masaaki Tissue- and substrate-dependent responses of oxidative phosphorylation to dietary protein level in chicks. 459

VAN MILGEN Jaap, BERGER Larry L. & MURPHY Michael R. An integrated, dynamic model of feed hydration and digestion, and subsequent bacterial mass accumulation in the rumen. 471

NORDØY Erling S., SØRMO Wenche & BLIX Arnoldus Schytte *In vitro* digestibility of different prey species of minke whales (*Balaenoptera acutorostrata*). 485

MORGAN L.M., TREDGER J.A., SHAVILA Y., TRAVIS J.S. & WRIGHT J. The effect of non-starch polysaccharide supplementation on circulating bile acids, hormone and metabolite levels following a fat meal in human subjects. 491

MARSONO Yustinus, ILLMAN Richard J., CLARKE Julie M., TRIMBLE Rodney P. & TOPPING David L. Plasma lipids and large bowel volatile fatty acids in pigs fed on white rice, brown rice and rice bran. 503

COSTA Neuza M.B., WALKER Ann F. & LOW A.G. The effect of graded inclusion of baked beans (*Phaseolus vulgaris*) on plasma and liver lipids in hypercholesterolaemic pigs given a Western-type diet. 515

ZHANG Jie-Xian, HALLMANS Göran, ADLERCREUTZ Herman, ÅMAN Per, WESTERLUND Eric, LUNDIN Eva & STENLING Roger Effects of oat and rye fractions on biliary and faecal bile acid profiles in Syrian golden hamsters (*Mesocricetus auratus*). 525

KNUDSEN Knud Erik Bach, JENSEN Bent Borg & HANSEN Inge Digestion of polysaccharides and other major components in the small and large intestine of pigs fed on diets consisting of oat fractions rich in β-D-glucan. 537

LONGLAND A.C., LOW A.G., QUELCH D.B. & BRAY S.P. Adaptation to the digestion of non-starch polysaccharide in growing pigs fed on cereal or semi-purified basal diets. 557

MATHERS J.C., KENNARD Julia & JAMES O.F.W. Gastrointestinal responses to oats consumption in young adult and elderly rats: digestion, large bowel fermentation and crypt cell proliferation rates. 567

SMIT John G.G., VAN DER HEIDE Daan, VAN TINTELEN Gerrit & BEYNEN Anton C. Thyroid function in rats with iodine deficiency is not further impaired by concurrent, marginal zinc deficiency. 585

WOLDE-GEBRIEL Zewdie, WEST Clive E., GEBRU Haile, TADESSE Amha-Selassie, FISSEHA Tezera, GABRE Petros, ABOYE Chernet, AYANA Gonfa & HAUTVAST Joseph G.A.J. Interrelationship between vitamin A, iodine and iron status in school-children in Shoa Region, Central Ethiopia. 593

PALLARÉS I., LISBONA F., LOPEZ ALIAGA I., BARRIONUEVO M., ALFÉREZ M.J.M. & CAMPOS M.S. Effect of iron deficiency on the digestive utilization of iron, phosphorus, calcium and magnesium in rats. 609

WALSH Dominic M., KENNEDY D. Glenn, GOODALL Edward A. & KENNEDY Seamus Antioxidant enzyme activity in the muscles of calves depleted of vitamin E or selenium or both. 621

DUNCAN Alan J. & MILNE John A. Effects of oral administration of brassica secondary metabolites, allyl cyanide, allyl isothiocyanate and dimethyl disulphide, on the voluntary food intake and metabolism of sheep. 631

MCNABB W.C., WAGHORN G.C., BARRY T.N. & SHELTON I.D. The effect of condensed tannins in *Lotus pedunculatus* on the digestion and metabolism of methionine, cystine and inorganic sulphur in sheep. 647

Letters to the Editors. 663

SOUTHGATE D.A.T. Development of the Journal. 665

ROSEBROUGH R.W. & MCMURTRY J.P. Protein and energy relationships in the broiler chicken. 667

ØRSKOV E.R. & MACLEOD N.A. Effect of level of input of different proportions of volatile fatty acids on energy utilization in growing ruminants. 679

WERNER SCHULTINK J., VAN RAAIJ Joop M.A. & HAUTVAST Joseph G.A.J. Seasonal weight loss and metabolic adaptation in rural Beninese women: the relationship with body mass index. 689

MAHMOOD Sultan & SMITHARD Ron A comparison of effects of body weight and feed intake on digestion in broiler cockerels with effects of tannins. 701

BATTERHAM E.S., ANDERSEN L.M. & BAIGENT D.R. Utilization of ileal digestible amino acids by growing pigs: methionine. 711

VAN LITH H.A. & BEYNEN A.C. Dietary cholesterol lowers the activity of butyrylcholinesterase (*EC* 3.1.1.8), but elevates that of esterase-1 (*EC* 3.1.1.1) in plasma of rats. 721

MURPHY M.C., ZAMPELAS A., PUDDICOMBE S.M., FURLONGER N.P., MORGAN L.M. & WILLIAMS C.M. Pretranslational regulation of the expression of the lipoprotein lipase (*EC* 3.1.1.34) gene by dietary fatty acids in the rat. 727

GIBNEY M.J. & KEARNEY J. Inter- and intra-fat pad variation in vascularization and the release of ^{14}C-labelled fatty acids in mice. 737

HEIJNEN Astrid M.P., BRINK Elizabeth J., LEMMENS Arnoldina G. & BEYNEN Anton C. Ileal pH and apparent absorption of magnesium in rats fed on diets containing either lactose or lactulose. 747

LANGKILDE Anna Maria, ANDERSSON Henrik & BOSAEUS Ingvar Sugar-beet fibre increases cholesterol and reduces bile acid excretion from the small bowel. 757

MÄLKKI Y., TÖRRÖNEN R., PELKONEN K., MYLLYMÄKI O., HÄNNINEN O. & SYRJÄNEN K. Effects of oat-bran concentrate on rat serum lipids and liver fat infiltration. 767

SIJTSMA K.W., VAN DEN BERG G.J., LEMMENS A.G., WEST C.E. & BEYNEN A.C. Iron status in rats fed on diets containing marginal amounts of vitamin A. 777

LI Ruowei, CHEN Xue-Cun, YAN Huai-Cheng, DEURENBERG Paul, GARBY Lars & HAUTVAST Joseph G.A.J. Prevalence and type of anaemia in female cotton mill workers in Beijing, China. 787

FLAGG Elaine W., COATES Ralph J., JONES Dean P., WILLIAM ELEY J., GUNTER Elaine W., JACKSON Bethany & GREENBERG Raymond S. Plasma total glutathione in humans and its association with demographic and health-related factors. 797

Letters to the Editors. 809
